## A Vampyre Story

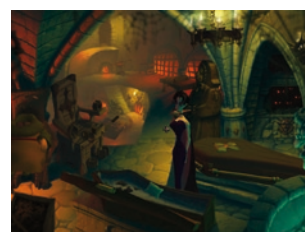

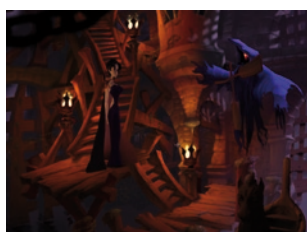

Adventure game from the author of „The Curse of Monkey Island“

Once upon a time...  
 Deep within the walls of a gloomy castle in the equally gloomy land of Draxsylvania, the young, gifted opera singer Mona De Lafitte is held captive by her tormentor, vampire Baron Shrowdy von Kiefer. Ever since she was transformed into a vampire by Shrowdy and whisked off to Draxsylvania, her greatest wish has been to return to Paris, continue her singing career, and one day become a star at the Paris Opera.  
 When Shrowdy fails to return from a nightly foray, she at last sees an opportunity to flee. Together with her only friend and confidant, a cheeky bat named Froderick, she escapes from her prison and tries to find her way back to Paris. During her flight through Draxsylvania, where she encounters some

strange inhabitants and some even stranger challenges, Mona must learn not only to accept her vampire nature, but also to use the abilities she has acquired to her advantage.

### Features

- Classic point & click comic adventure from the pen of Bill Tiller
- About 30 hand-drawn 2D Venues
- Innovative Real-time, multi-level - 3D/2D-Graphics

## Ankh 2 Heart of Osiris

Old Cairo becomes alive again - very intense and highly bizarre!

Osiris is back! And this time he's in no mood for games. This time he will not fail. This time Osiris will show the world of humans what, he's made of. But the Ankh alone is not enough - not as long as he hasn't found the most important part of his body: his heart. Life has not been kind to Assil. Only three weeks ago he managed to ward off his death curse. Since then his relationship (with Thara) has hit the rocks and the Ankh was stolen from him (by sinister assassins). Assil sets out to get it all back - and to once again face Osiris. He is not the only victim, however - there is another: the pharaoh! One moment he sits on his throne, lazy, sluggish and with a heck of a hangover, the next he is a slave in his own quarry

- how could this have happened? And more importantly: how is he going to get out of this without getting killed? Ankh: Heart of Osiris is even more intense and more bizarre as it takes the player even deeper into the crazy world of old Cairo. You'll meet a lot of familiar faces, but of course there are plenty of new surprises too! Aside from familiar locations, like the bazaar, there will be plenty of new locations for the player to explore - such as the quarry and the large arena with all its dark, convoluted catacombs. And of course the black humour of the first game can be found in the sequel! Once again, old Egypt and its inhabitants are turned upside down and given a good seeing to.

### Features

- Classic adventure game
- A completely new and zany story in new, strange and fascinating locations
- A brand new exciting story
- Get to know new characters and familiar faces
- Sophisticated graphics with dynamic light, shadow and glow effects
- Supreme voice acting
- Cinematic full-motion sequences
- And, as always, pitchblack humour

## Ankh 3 Battle of the Gods

Ankh 3 - Assil's latest challenge to save the world.

As already announced in previous episodes: Experience the epic "Battle of the Gods"! It's about ruling the whole world this time, and guess who is once again the only person on earth who can prevent the worst from happening: Assil, of course, the butter-fingered wearer of the Ankh. This time the journey takes us to Luxor, the city of gambling casinos and games of chance, but we head for a remote region in the frosty north, too. As if that weren't enough of a surprise: This time it looks as if Assil and Thara are going to get some support from the Ankh, which has received a life of its own.

### Features

- Completely new locations, with both new and familiar but revised characters
- New elements of surprise keep the series fresh and innovative

## Bugdom 2

New adventures in the kingdom of bugs.

It has been three years since Rollie McFly rid the Bugdom of the evil King Thorax and his minions, but the Bugdom can still be a dangerous place as our new hero Skip is about to find out. While on his way to visit his family on the far side of the Bugdom, a Bully Bee swooped down and stole Skip's knapsack. Your job as Skip is to track down the Bully Bee and get your knapsack back. The chase takes place mostly in and around a house. You will make new friends in the Bugdom who will help you through each area. Keep an eye out for Sam the Snail and Sally the Chipmunk. Sam will usually make you prove your worthiness before he will help you, but Sally is just interested in gathering acorns, so be sure to bring lots of those to her. Additionally, the same Buddy Bugs that

helped Rollie McFly defeat King Thorax will help you defeat most mean enemy bugs that you encounter.

Bugdom 2 is a 3D action-adventure game suitable for all ages.

### Features

- Our young hero Skip is walking along, minding his own business, when the Bully Bees steal his backpack! Skip has to go on a quest to get it back!
- Explore the different areas of Bugdom and interact with other characters
- Perform mini-quests to get the clues you need, like helping Sally The Chipmunk gather acorns
- Get help defeating the enemy bugs by getting to know the Buddy Bugs
- Gorgeous graphics and fun gameplay that's sure to draw in players of all ages!

## Dr. Tool BrainJogging Vol. 2

Dr. Brain waiting for brains to be activated and developed

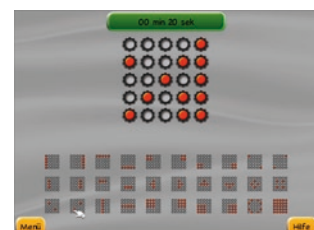

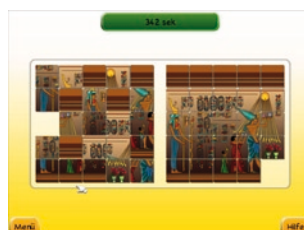

Seriously, you did not really believe that one game of "Brain-Jogging" would be sufficient to keep your brain sharp, did you? A smart trot is not bad, but breaking into a gallop is better! Power up and get mentally sweaty with "Dr. Tool® Jogging Volume 2". All the classic challenges like the Slider Puzzle, the Thinkbox, the Recipe Planer and the Route Calculation were revamped while new ones like Nonograms and Campixu were added. If you like to juggle with figures, you can look forward to Sudoku and Prime Factorization.

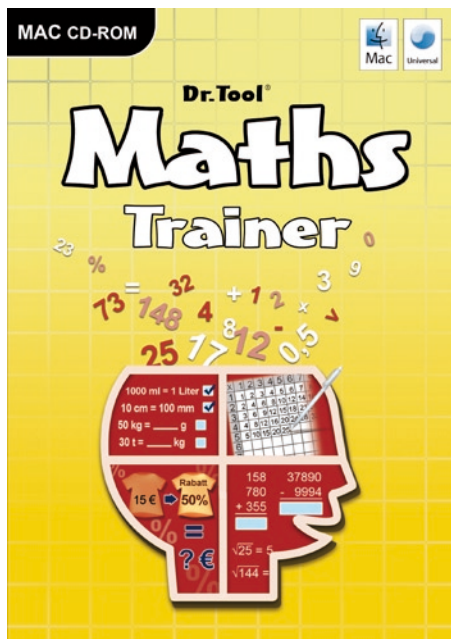

The trusted three-stage training program and the following challenges have been retained unchanged, as well as the detailed evaluation of your performance that shows your strengths and weaknesses.

An easy on the eyes contrast option has been added to "Dr. Tool® Jogging Volume 2". That mode displays fewer colors and less gradients.

### Features

- Three difficulty levels
- Challenge and Training modes
- Available statistics
- Comprehensive evaluation of every game you played including your achievements, your performance and your efficiency

## F/A-18 Operation Desert Storm Mac

Realistic simulation of the F/A-18 Hornet with exact flight model.

F/A-18 is a stunningly realistic PC simulator for the US Navys newest front-line carrier strike fighter, the cutting-edge F-18E Super Hornet.

The Super Hornet is a carrier-based multi-role attack fighter capable of striking almost anywhere in the world, thanks to the global range of the US Navys carrier strike forces and the increased combat radius of the new Super Hornet. Earlier versions of the F-18, launching from carriers in the Red Sea and Persian Gulf, decimated Iraqi positions in operation Desert Storm and were immortalized in countless Hollywood productions.

### Features

Jump through your screen directly into the cockpit of the Navy/Marine workhorse fighting machine-the F/A-18 Hornet. Now you can fly the most prolific carrier-based aircraft in the Coalition arsenal. Load up with precision guided munitions and bring the forces of freedom to bear on the Iraqi regime of terror. Fly above thousands of square miles of stunning satellite image-based terrain. Look through your canopy and see the same environment that Coalition fighter pilots navigated during Operation Iraqi Freedom

- You fly the Navy/Marine workhorse, the F/A-18 Hornet.
- Landscape based on real satellite reflectance data.

- Fly against enemy pilots in MiG and Sukhoi aircraft.
- Accurate terrain elevations.
- Fly missions from an aircraft carrier in the Persian Gulf.
- Simple and visual setup menus.
- Create and fly your own „what-if?“ scenarios with the included Mission Creation Tool.
- Fly cooperatively with other allied aircraft: F-16 Falcon, F-15 Eagle, A-10 Warthog, F-117A
- Nighthawk, B-2 Stealth Bomber, B-52 Bomber.
- Multi-player combat with your internet connection.

## Flatout 2

The biggest, brashest and most destructive action racing game on the Mac

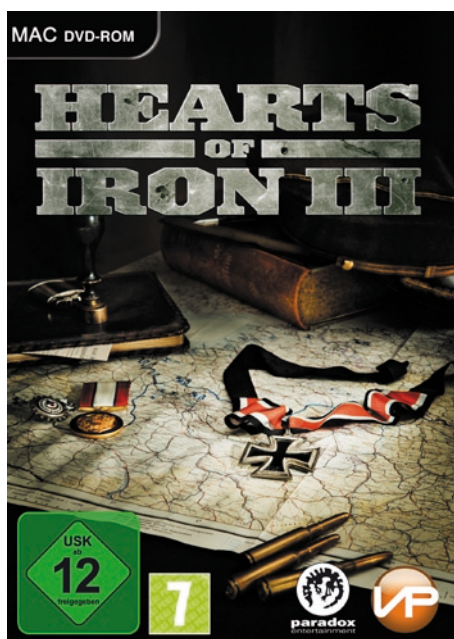

Experience the drive of your life as you throw yourself around on and off the track causing fences to shatter, tyre walls explode, water tanks and barrels fly across the track into other cars. And if anyone, including you, gets caught up in a big smash sit back and watch as the driver gets catapulted through the windscreen in spectacular effect. With over 5000 destructible objects on each track and 40 deformable pieces on every car sparks are guaranteed to fly increasing the mayhem with every lap! As the different races progress you'll recognise which of the AI characters are your closest rivals. How you decide to take them out is up to you, like slamming them into a bridge, stealing a lead through an alternate route or Nitro boosting your way past them in the final moments.

### Features

- The inclusion of an enhanced Championship Mode. Multiple cups across increasing difficulty levels, each cup contains a series of races that the player competes in for accumulated totals of money and points
- Online multiplayer modes up to 8 players on Mac and PC
- Improved physics engine for an even greater racing feel
- Drive at eye watering speeds on the fast tracks with extra nitro boost rewards
- Improved opponent AI. Each AI driver now has their own character, biography and individual driving personalities
- Unlockable bonus items for the first time including bonus cars, Championship Cups and Destruction Arenas
- Set in the US (the original was set in Europe)
- Thirtyfour vehicles as opposed to sixteen in the original game
- Additional car types including Muscle cars, Sports cars, Pickup Trucks and Compacts (the original only contained Muscle cars)
- The inclusion of a garage for the first time to allow the owning of multiple vehicles
- Increased number of race environments including Big City, LA Storm Drains, Rocky Mountain Forest, Corn Fields and Desert
- Sixty track combinations (thirty six in the original)

FlatOut 2 is set to be the biggest, brashest and most destructive action racing game of 2008 on the Mac.

## Hearts of Iron 3

WWII, focuses on military, political, economic & diplomatic struggles

Hearts of Iron III (HOI 3) is a grand-scale strategy game designed by enthusiasts of World War II history, and focused on the military, political, economic and diplomatic interactions worldwide between 1936 - 1948. Every effort at maximizing both realism and playability has been made, and an excellent balance has been found. It is the first strategy game of its type with a realistic supply system, which individually accounts for units of supply or fuel on its way to the units at the front, allowing interdiction of supply by the enemy, or interruption because of bottlenecks on muddy roads. The weather system is a detailed simulation just by itself, and the impact of weather is realized on the battlefield. An intricate system of research and development for new weapons will make a difference

over time. There is much here for those who seek historical detail and accuracy.

### Features

- Play as any nation from 1936 to 1948, more than 100 countries to choose from.
- Control the oceans with aircraft carriers, submarines and battleships and use your air force to defend your skies, support your naval and ground forces, and to bomb your enemies.
- Thousands of historically accurate real-world military commanders and politicians.
- Realistic military command AI with unprecedented levels of interaction.
- In-depth diplomatic and political system.
- Historical accuracy combined with an unparalleled level of freedom of choice.
- Customize your divisions in detail with more than 20 types of brigades.
- Government-in-exile makes it possible to continue to struggle from abroad with underground movements and uprisings against the oppressing power.
- Strategic warfare system makes it more important to defend the skies and oceans against foreign attacks; leaving cities open to enemy bombing will now be devastating.
- A completely new intelligence system, with several types of intelligence sources, makes it possible to get information about enemy reserves and troop movements.
- Assign troops to "theatres" on the map to fight two-front wars more successfully.

## Heroes of Might and Magic V

Heroes of Might and Magic V is the next installment in the venerable and long-standing Heroes of Might and Magic series.

In accordance with this new genesis of the game, Nival have also developed an entirely new universe, one that is so diverse and different that it is likened to a mythology. The highest beings of the Heroes of Might and Magic 5 universe are Dragons, who are the basis of religion, beliefs and cosmology in this new world. Each town adopts its own beliefs which are influenced by its interactions with other races throughout history. The six towns that will appear in Heroes V are the humans, Haven, the demons, Inferno, the necromancers, Necropolis, the dark elves, Dungeon, the wizards, Academy, and the elves, Sylvan, with

the dark elves being the new addition to the series.

## Jack Keane

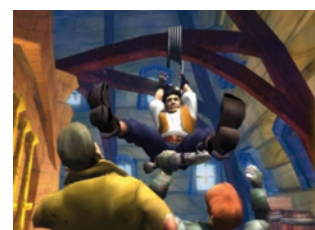

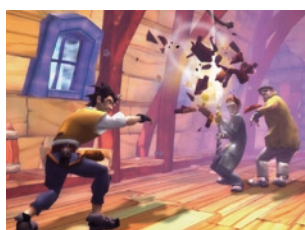

Help Jack solve the mysteries of his past in this epic Adventure Game

Jack Keane is a hilarious, action-packed adventure game in the spirit of Monkey Island, with tons of references to well-known computer games and classic movies. Players assume the role of our hapless, swashbuckling adventurer and accompany him in his travels across 15 locations throughout London, Capetown, and Tooth Island. Spectacular graphics, including dynamic lighting, realistic water, and particle effects, highlight your adventures. In colonial England, under a certain amount of duress, Jack takes on a job which will not only cause him a great deal of trouble, but also bring to light the answer to a mystery out of his distant past. A lack of money leads Jack to accept a charter to take a British secret agent to mysterious Tooth Island. When Jack's ship shatters on the mysterious island's

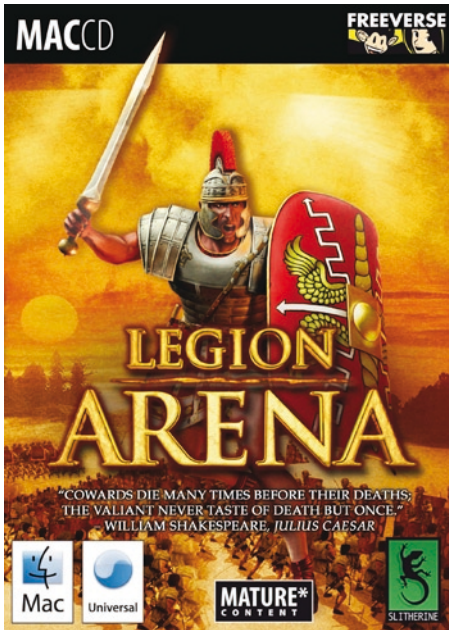

cliffs on arrival and the secret agent quickly becomes a meal for a monster in the jungle, Jack is soon left to cope with the situation on his own. Interact with dozens of zany characters and use more than 250 found objects to solve puzzles, as Jack moves closer to solving the mystery of his past and how it ties in with the present.

### Features

- A wild, action-packed Point-and-Click adventure
- Contains many allusions and references to famous movies, characters and computer games
- dozens of characters
- Suitable for both novices to the genre, as well as more experienced gamers due to the number of additional difficulty settings

## Legion Arena

A strategy game full of conspiracies and secrets

Fans of Roman history, role-playing strategy games and Naked Fanatics, will be thrilled with this exciting and incredibly well-researched game.

Legion Arena was designed to maximize fun and minimize micro-management. Players can jump in and start training legions to strike fear into the hearts of their enemies. With a shallow learning curve and deep strategy and tactics, Legion Arena is the ideal game for novice or experienced war gamers alike.

Legion Arena is a role-playing strategy game on a massive scale. Take control of a small band of warriors and train them to become the mightiest army in the world!

Buy equipment and choose from over 100 skills, personalize your squad's appearance and earn experience and denari for your victories. Legion Arena

takes the best elements of role-playing games and puts it in the context of a grand strategic struggle.

Play as either the Romans or the Gauls in over 100 scenarios with over 20 unique units including Praetorians, Elephants and Naked Fanatics (that's right, Naked Fanatics!)

## Lemure

Save the Lemurs and bring them safely home.

Rescue the Lemurs and guide them to the exit! Can you do that?  
Deep abysses, steep mountains, guileful catapult traps, hidden alleys and slippery ice-columns. There are jeopardies around every corner of the Lemurs world.

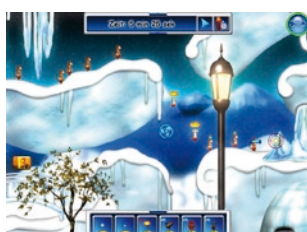

Your task is to bring these cute little animals, with the help of their special abilities, to their exit alive. Let them climb, dig trenches, build bridges and use parachutes. They can do this and a lot more, and you will have to use all their talents wisely in many different levels.

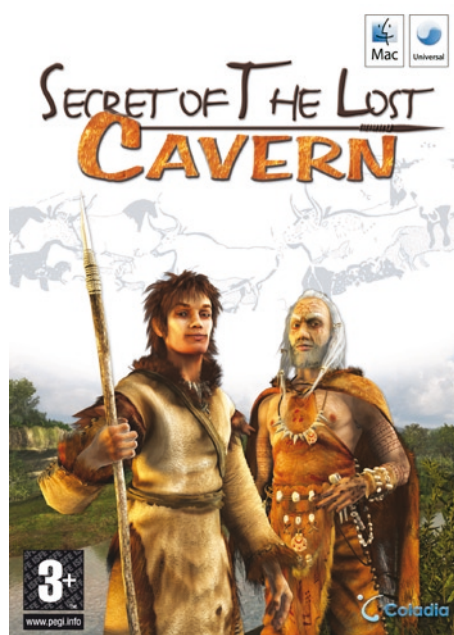

To crown your rescue mission with success, you have to consider carefully the task of every single Lemure, because you have to assign them quickly to succeed. Stick to this concept to be able

to control the mass of Lemurs which are permanently walking back and forth.

## Return to Mysterious Island

### Return to Mysterious Island - Inspired by Jules Verne

Return to Mysterious Island follows Mina, a strong young woman alone on a round-the-world sailing expedition. Caught in a tremendous storm, she becomes stranded on the shores of a wild and apparently uninhabited island. As she explores her new surroundings, she uncovers artifacts, living spaces and technologies left behind by the people who came before her to this uncharted island.

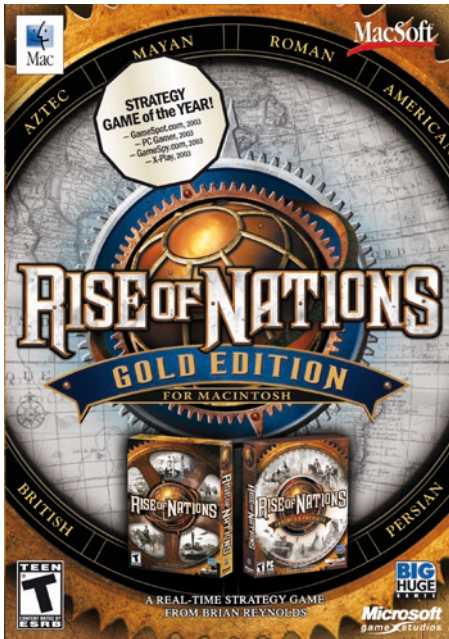

Creating a new life, Mina builds a home from the remains of Granite Rock and uses her survival skills against the wilds of the jungle. She soon becomes aware of a figure in the shadows who, seemingly aware of her troubles, offers her assistance. She eventually identifies this figure as the unsettled ghost of Captain Nemo, whose body is located in the Nautilus deep below the island

shore. Piecing together the hints and clues he provides, Mina must travel to the Nautilus, retrieve his body and give him a proper burial in order to free his tortured soul.

### Features

## Rise of Nations

Master 6000 years of history!

### Make History

Dominate 6,000 years of history from the Ancient Age to the Information Age. Which forces will you deploy to lead your nation to global prominence? Trade, espionage, diplomacy... war? Whichever path you choose, you'll experience the pulse pounding thrill and speed of real-time gaming combined with the epic scope and depth of turn-based strategy games - brought together for the first time ever in Rise of Nations.

Rise of Nations is a new historical real time strategy game from Big Huge Games' Brian Reynolds, designer of game classics such as Civilization 2 and Alpha Centauri.

Lead one of 24 highly diverse nations: With the Gold Edition, players can lead one of 24 nations - in the single player

### Features

- Engage in 5 single player campaigns and over 130 scenarios: Non-linear, single-player campaigns based on historical epochs will keep players busy as they plan their moves on the strategic outer map and play out battles in over 130 scenarios. Campaigns include Alexander the Great, Napoleon, the New World, Cold War and the ultimate challenge: the Entire World.
- Command over 240 different units: Players can lead their armies to fight on land, sea or in the air with everything from slingers, musketeers, tanks, massive Persian War elephants, aircraft carriers and nuclear missiles.
- In-depth game experience: Gamers will be able to create a truly strategic game experience by using

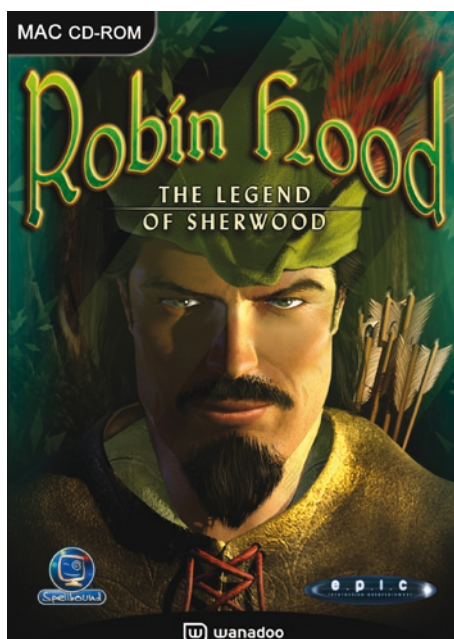

campaigns or on a multiplayer battlefield. Each nation has its own distinctive national powers and special units.

national borders, flank attacks, spies and generals. In addition, as a nation advances through the ages, players can decide between six different government types, from socialism to capitalism, despotism to republic, each government type has a different power that allows players to customize their nations and open up new tactics and strategic possibilities. A unique Patriot unit is available with each government type, bringing a variety of powers to the battlefield.

- Streamlined multiplayer: Challenge up to eight players on the Internet or via local area network, including in-game matchmaking.

## Robin Hood - The Legend of Sherwood

The Legend of Sherwood.

In Robin Hood - The Legend of Sherwood you get to take part in one of the oldest and still most popular stories of all. Only a hair's breadth from the action, you share in all the excitement and adventures of your heroes: Robin Hood, Little John, Will Scarlet, Stutely the Owl, Friar Tuck and the lovely Lady Marian.

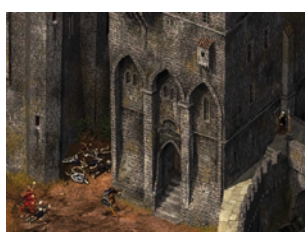

You can penetrate the mighty walls of Nottingham Castle, York, Leicester, Derby and Lincoln, and attack heavily guarded convoys in Sherwood Forest. The Prince's lightly-armed guardsmen and heavily armored knights will challenge you to a duel on staircases lit by flaming torches. Or they might try and fool you with beer, hornets' nests or a well-aimed money-pouch.

Whenever you want, you can go to the outlaws' camp and practice the basic

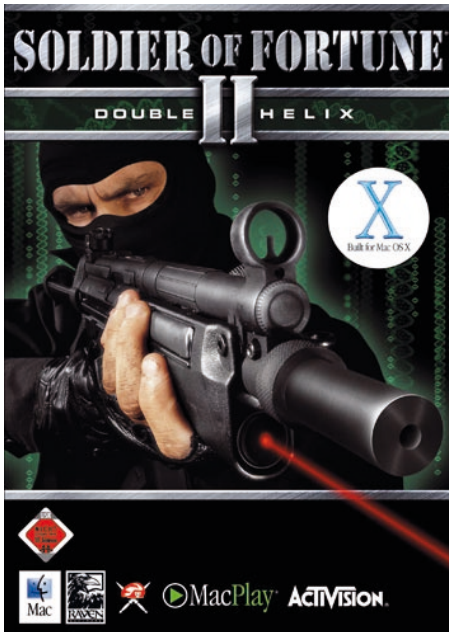

and advanced game functions; whether hand-to-hand combat with swords or staffs, target practice with the bow or the skilful use of the many implements Robin's followers have at their disposal.

### Features

- Become legendary outlaw Robin Hood, one of the Merry Men, or Maid Marion
- Non-linear campaign system with over 30 different missions
- Realistic, atmospheric conditions in castle and outdoors (day, night, fog, snow)
- Mission types include Robbery and Infiltration, Castle Attack, and Ambush
- For one player

## Soldier of Fortune 2

Harte Gefechte gegen Roboter in der Welt der Söldner. Engl. Version.

Soldier of Fortune II may lose the fictional Hawk, but it doesn't misplace the carnage. It's a straightforward shooter with dozens of weapons, gobs of gore, and the occasional need to sneak around people instead of shooting them in the face. You'll take on the persona of John Mullins, elite mercenary and employee of the Shop, a secret agency based in Texas. In this guise you will travel to the far reaches of the world, from the humid jungles of Colombia to the barren tundra of Kamchatka. You'll face overwhelming odds and well-armed opponents, and you'll even have to find the occasional keycard. But whether you're stuck in a particularly deadly choke point or you just can't figure out where to go next, this guide will answer any and all of your questions.

### Features

- Travel across the continent as you pick up the deadliest weapons in the world and use them against your enemy
- Immersive storyline with real-world locations from Hong Kong to Switzerland
- True-to-life movement, damage modeling and terrain to make you feel the experience of a soldier in the field
- Random mission generator for exciting, unpredictable combat
- first-person-shooter with lots of action, lots of firepower, lots of body count
- Seventy levels stretched across ten unique missions.
- Soldier of Fortune 2: Double Helix features extensive multiplayer capacities.

## Summoner

Complex role playing game with fantastic 3D graphics.

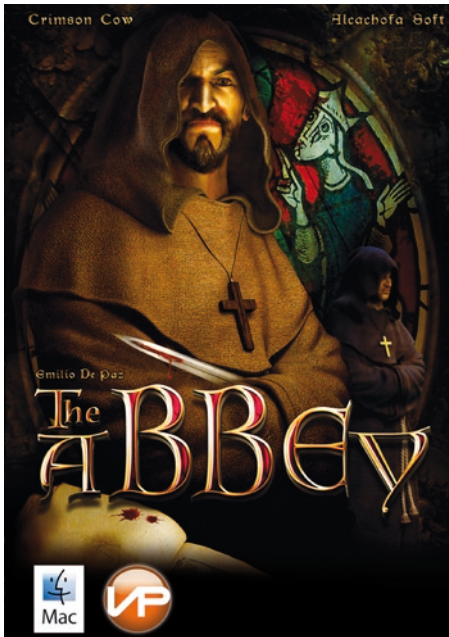

From the creators of the award-winning Descent and FreeSpace series comes Summoner, an original, graphically brilliant role-playing game. Summoner crafts a unique look and complex story in an intriguing fantasy setting. Summoners have toppled empires and challenged gods. They are venerated as saviors and feared as destroyers. With rings crafted by the ancient Khosani, the gifted can call forth demons, dragons, and elementals, but only the strongest can hope to control the forces they unleash.

The player takes the role of Joseph, who has yet to embrace or control his power as one of the last remaining Summoners. To save his kingdom from annihilation, Joseph and his reluctant companions must journey to the lost empire of Ikaemos, the island mona-

stery of Iona, and the forest labyrinth of Liangshan. Their quest for the Summoner's rings is the only hope for salvation.

### Features

- Traverse a beautiful, completely original world spanning two continents.
- Fully 3D characters and environments add to a unique Role-Playing game experience.
- Encounter hundreds of characters and battle in realtime with a 5-person party.
- Summon red minotaurs, black imps, golems, and other powerful allies.
- Cast spectacular spells.
- Wield an arsenal of weapons.
- Clad yourself in the armour of a warrior.
- Multi-player adventures for up to 4 players.

## The Legend of Egypt

Solve riddles, increase your wealth and fame, soothe the Gods!

Pyramids, the Sphinx, pharaohs, desert, mummies - EGYPT!!!

The wealth and the reputation of the old culture at the Nile are still legendary and shrouded in mystery. There is one secret, you may disclose: How did they fill their pyramids treasures? You are not only collecting treasures in this fascinating puzzle- and brain game. You are also gathering fame and recognition. Act clever to make it through all the levels and to increase your score and your resources, which may be swapped into luxury goods to fill your treasury. The further you progress in game, the harder the riddles and tasks get. Of course the treasures and their worth will rise accordingly! Act carefully and do not entail the wrath of the gods! If you miss too many of the magic symbols, Osiris, Ra, Chnum and

Isis mood will impair. If you get hit by the wrath of the gods, parts of your treasures will disappear and you will have to start over.

Things never turn out the way you expect. Should you be inobservant, the curse of the mummy may get you. Playing under the curse of the mummy can be hard because important tiles disappear and collecting treasures and appeasing the four gods will be harder. The more treasures you collect, the more tools you get. New tools are always better than prior ones and you should use them to increase your income. The game offers an easy introduction to be enjoyable to pros and untrained players as well. Over time and during the levels, the game-play will become more challenging.

### Features

- More than 100 fantastic levels
- New features "Wrath of Osiris", "Revenge of Ra", "Vengeance of Chnum", "Wrath of Isis", "Curse of the mummy"

## The Legend of Gallia

Travel back to Gallia and support the druids!

An old druid from Gallia just got a rush order from Caesar. He is supposed to create a healing elixir. To prepare it, he needs to gather a lot of ingredients. Your task is to help the druid with the herbs he needs. At the same time you can also furnish his shack because it is easier to create a magic elixir in a nice environment.

Try to form and clear triple-rows by moving items. Increase your score to get herbs and supplies for your task. Always take care. It is possible to lose already gathered herbs, again!

The tasks get harder, the further you progress in game. Any solutions will get you closer to your goal of creating a healing elixir for Caesar. Beginners will get into the game very easily. The difficulty increases slowly but steadily

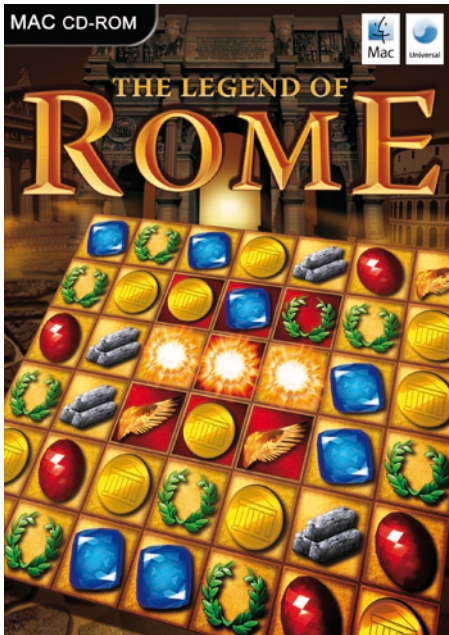

and it gets harder to stop playing from level to level.

Travel back to Gallia and support the druids!

## The Legend of Rome

Become the architect of the Eternal City of Rome

As an architect, you can recreate the great buildings of the eternal town to shine in a new splendor. Build a Colosseum and a harbor for the citizens of Rome and do not forget social amenities like constant water via an aqueduct or thermal springs. To fully supply the people, you can also purchase mines, vineyards and more.

The more you progress in levels, the harder the tasks get. Buildings get more and more gorgeous the higher your level climbs. But never stir up the "Wrath of the gods"! If you do not manage to keep up with the number of magic symbols, your newly created town will be infested with plagues. Obviously, that will force you to start over.

Move items to build tripple rows. The credits you gain by that can be used to construct buildings or to buy resources.

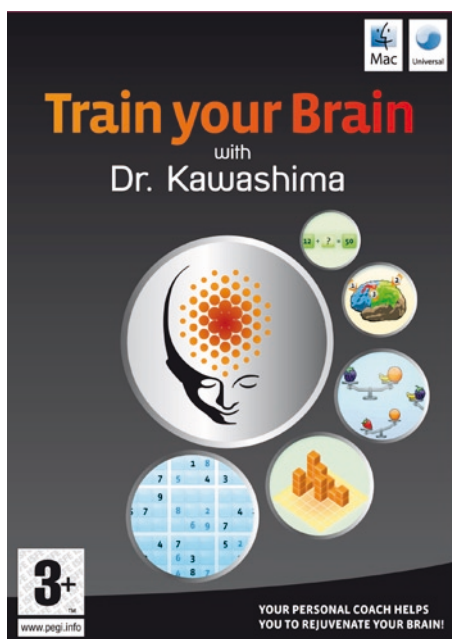

Constructions will give you certain facilities to help you upon your tasks. Use those aids to gather even more treasures, resources and goods for your empire.

Even lesser skilled players can master the game-play, which is easy but challenging, through an easy introduction to the game and the adjustable difficulty.

### Features

- More than 100 fantastic levels
- New features "Wrath of the gods"
- Introduction to the game and 3 difficulty levels
- Uniquely gripping fun

## Train your Brain with Dr. Kawashima (Mac)

Your personal coach helps you to rejuvenate your brain!

“Train your Brain” with Dr. Kawashima allows you to activate your brain’s capacities and train them in a playful, motivating way on a regular basis. This game addresses absolutely all age groups - gamers and non-gamers alike - and combines high entertainment value with a clearly enhanced brain performance.

The 30 exercises contained in „Brain Exercise with Dr. Kawashima“ serve to train the fitness of the player’s brain. Some of the exercises are available immediately; others are automatically unlocked in the course of the game. Daily Tests reflect the current “Brain Fitness” and motivate players to continue training their brains’ capacities. These training units are divided into four categories: logic, arithmetic, vision, memory. The exercises in the game

were developed in collaboration with the famous Japanese brain scientist Dr. Kawashima.

## Treasure Island

A thrilling quest: Set out in search of the incredible treasure

Four years have passed since the end of the adventure recounted in Robert Louis Stevenson's novel. Jim Hawkins has become an upstanding adventurous young man, attentive to those around him. Imagine his surprise when, one morning, he sees a parrot enter his bedroom window : none other than Captain Flint, Long John's own companion. The bird brings him a message from his master. In the message the old pirate announces that he has buried a marvelous treasure on the secret isle where he retired : Emerald Island. Jim is going to have to hurry though. Pirates, old enemies of Long John, are on his trail.

## Tropico 2 - Pirate Cove

A caribbean strategy game with pirates and treasures

Plunder everything as the pirate king on an island full of scurvy crew, nasty brew and wenches too!  
 Tropico 2®: Pirate Cove is the sequel to the award-winning Fun in the Sun Caribbean simulation, Tropico®. As a Pirate King, rule a secret pirate island full of despicable 17th century Sea Dogs. Fuel your economy by plundering wealthy merchant ships and taking prisoners back to the island as captive workers. Keep your scurvy buccaneers satisfied with rowdy gambling, jolly feasting, and barrels of rum! World powers fear you, brigands respect you, captives obey your every command, and don't forget about the wenching! Argh, thar ain't nuttin like bein' a Pirate King! The story thus far...

You've escaped from servitude on a tobacco plantation and made your way to

an island outside the reach of the law. Due to your wit and sophistication, the buccaneers on the island elect you their leader. You rule, for now. The question is, how to stay in power, and how to become fabulously wealthy?

## X3 Reunion

### X3 Reunion 2.0: Trade, Fight, Build, Think

The Sequel to the award winning X2: The Threat will introduce a new 3D engine as well as a new story, new ships and a new gameplay to greatly increase the variety in the X-universe. The economy of X3: Reunion will be more complex than anything seen in the X-universe before. Factories are being built by NPCs, wars can affect the global economy, NPCs can trade freely and pirates will behave far more realistically.

#### The Feature

Newcomers will enjoy the additions to the already graphically impressive, almost living X3-Universe, while veterans can expect new construction options and an improved physics model.

#### The Story

What happened so far: While the Argon fleet is stretched almost to breaking

point by the continuing attacks from Khaak, a new enemy is stalking the X-universe. What links a mysterious ship with the power to disappear, the ruthless Yaki pirates and a machine left by an ancient species? It's time to strap yourself in, warm up your laser cannon and get some answers.

### Features

- Exotic space ships, revised battle tactics and exciting missions for all difficulty levels
- Expand buildings by linking factories into huge production compounds
- The most gigantic, complex universe ever seen in a game continues to expand
- Hundreds of goods to trade in a gigantic universe with real economic simulation
- Pilot hundreds of ships in dogfights
  - command a fleet of many ships into battle with strategic controls
- Major wars and tactics such as sabotage are incorporated into the exciting new story line
- A simplified learning curve allows you to get straight into the action. New

improved menus, configurable controls allow for customized play
